YOUNG PLANT & PREFINISHED

# Hello, Welcome to Galema's Greenhouse

*Living things...what a business to be blessed with...*

Well, another post pandemic year is behind us. Plants will always brighten a corner inside or out and brighten our souls inside and give us a smile on the outside to share with others. Our goal as plantsmen and women should be to instill that feeling in as many people as we can as we grow flowers and vegetables for our customers. A great starter plant to produce a beautiful retail ready crop is every grower's goal. Here at Galema's we work hard everyday from organization in the office to growing in the greenhouse to produce that great start for you whether it is in a young plant or a prefinished plant.

Thank you for your past business and future business as we grow together, work hard and beautify our world that our Creator has entrusted to us.

Genesis 1:29 God said, "I give you every seed-bearing plant on the face of the whole earth and every tree that has fruit with seed in it. They will be yours for food."

Have a Blessed 2023 Year,

Tim & Bev Galema and

The Whole Crew at Galema's Greenhouse

**Geranium - Zonal Specialty****Appleblossom Rosebud**

Double: Large bloom with clusters of tightly gathered petals, all tipped in Rose Pink.

**Chinese Cactus**

Fancy: Showy clusters of Salmon-Pink and White bloom above small, deeply cut, banded Green leaves with a Bronze zone.

**Chocolate Mint**

Scented: Sometimes the term Chocolate refers more to the color of a plant than the scent of the plant, as in the case of Chocolate Mint Scented Geranium. This plant has a Chocolate-colored vein that runs down the rib of the leaf and fans out into its fingers. The almost Black variegation fades to a rich Green as summer progresses. While this is a great-looking plant with a rich minty fragrance, it does not smell or taste like Chocolate.

**Citronella**

Scented: Dramatically lobed leaves; strongly scented snowflake foliage often promoted as an insect deterrent.

**Ginger**

Scented: Softly scented of Spice.

**Indian Dunes**

Fancy: Mounds of scalloped Chartreuse leaves with Bronze centers, complimented by an Orange/Red bloom.

**Mrs Parker**

Fancy: Green leaf, wide Red zone and a Cream edge.

**Mrs Pollock**

Fancy: Large tricolored leaves with double red blooms.

**Occold Shield**

Fancy - Deer resistant and drought tolerant featuring yellow leaves with dark brown centers and orange-red flowers.

**Old Fashioned Rose**

Scented: This plant, of medium height, has Gray-Green strongly indented leaves, a nice Rose scent and Lavender flowers. The most important scented pelargonium for the commercial production of Rose-geranium oil, it is also used in jams, jellies, and potpourri. It makes an attractive potted plant as well.

**Peppermint Rose**

Scented: One of the best all around Scented Geraniums. It is also nice because it doesn't get as large as some of the other scented geraniums which makes it a good size for smaller gardens and large containers; add in occasional light Pink flowers and a Minty-Rose fragrance.

**Persian Queen**

Fancy: Golden Geranium grown for the glorious pure Yellow Ochre rounded leaves. Striking as a "spot" plant, even if not full of its vivid Hot Fuchsia single bloom.

**Petals**

Fancy: Single Pearl eyed Soft Pink lightly colored bloom clusters fading to Pinkish-Mauve over Silvery-Green upcupped irregularly outlined leaves brightly margined Ivory; compact habit.

**Pink Happy Thought**

Fancy: Cream centers with Dark Green margins and Pink bloom.

**Platinum**

Fancy: Salmon toned single Scarlet bloom arise above the quite odd waffled Pale Milky Green rounded leaves with evenly cut Creamy White margins; wide oddly angular mounding habit.

**Red Happy Thought**

Fancy: Cream centers with Dark Green margins and Red bloom.

**Red Rosebud**

Double: Petite clusters of bloom that look like Nosegays in a Bright Lipstick Red.

**Vancouver Centennial**

Fancy - Star shaped flowers with pointy two-toned lobed leaves.

**Wilhem Languth**

Fancy: Soft Green and White variegated foliage below attractive Red bloom.

## Solanum

26 Strip

Variegated Charteuse and Golden vining plant...also known as variegated sweet potato.

Jasminoides (Var Potato Vine)

## Spider Plant

26 Strip

*Chlorophytum comosum* is a common well-known houseplant popular with beginners. Easy to grow and propagate, tolerant of neglect and able to thrive under nearly any conditions.

Hawaiian

An interesting variety that has variegation on its new leaves; as the leaves age, the variegation fades -- giving this houseplant a multicolor look.

White Edge (Reverse)

Green Edge

## Sprengerii

26 Strip

Asparagus densifloris is the Latin name, but we call it the Farmer Fern as we have learned that local farmers like to hang these in baskets on their porches; this tough plant will take the windy conditions often found on their homesteads in stride.

Sprengerii  
Also called Asparagus Fern.

## Streptocarpella

26 Strip

Concord Blue  
Fleshy Green leaves; Lavender Blue bloom; winter; baskets.

Petite Blue  
More compact than Concord Blue for pot production.

## Strobilanthes

26 Strip

Strobilanthes  
Striking vibrant Purple and rich Green veined glossy leaves. Great en masse or in combos. Common name: Persian Shield

# PREFINISHED program

***Not sure what to do about crops  
that take a long time to grow?***

**Try our PREFINISHED PROGRAM!**

We begin the process with fern liners in June and grow them all summer to become our prefinished ferns!

You can pot them up in the fall or we'll pot them for you and you can purchase a prefinished basket in March for May sales.

***A smart idea for a crop that takes  
a long time to grow!***

The remaining pages of this catalog list the products, sizes, and photos for our Prefinished Program. Please reference the Table of Contents to quickly find a product.

***Call your broker to place  
an order today!***

## PROGRAM INFORMATION

Except where noted, our Prefinished Program is designed to produce a finished crop in the size container in which the plant is delivered to be ready for late April to mid-May finished sales....not for bump ups into larger pots or combo pots. Actual crop time will vary based on the type of plant and the size container. Plants in the prefinished program are grown alongside our own finished crops. If more detailed crop time is needed, please contact us.
