PREFINISHED
CATALOG

PREFINISHED Program

With our prefinished program, we do the work, you reap the benefits.

We do the planting, wiring and labeling so all you have to do are the final touches for a finished product.

When we started this program, we called it "Ready to Hang" but have since added many pot crops too. Reduce your soil, label and plastic inventory by using prefinished plants that allow you to start your greenhouses later in the season, saving you time and labor.

Not sure what to do about crops that take a long time to grow?

Try our PREFINISHED PROGRAM!

All sizes and varieties are approximately 4 to 6 weeks from finish, depending on pot size, growing conditions and desired finished size.

A smart idea for a crop that takes a long time to grow!

Prefinished products ship via Grower Truck weeks 8-13; your actual ship date may vary from your Purchase Order. Customer pick ups are always available with 24 hour advance notice.

Call your broker to place an order today!
